Hilltop Gardens

Directions to the Garden
Fort Madison, Iowa 52627-9535
Gerald Hobbs

I am located just west of Fort Madison on Highway 2 about eight-tenths of a mile west of the Highway 61 junction. I live in a cream colored house, high on a hill, located on the north side of Highway 2. It is west of Bill's Cycle Shop. Our sign is on the driveway, come see us!

I encourage you to come for a visit and make your selections during the bloom season (A call ahead is appreciated to 319-372-4178) Peak bloom is usually about the first week of July although I have bloom from June into Late August. You will enjoy looking at our seedlings, but perhaps would like to purchase some to enjoy at home.

Also of interest is our **hosta collection** of which I have approximately 70 varieties and about 20 varieties of **ornamental grasses**. As with the other perennials, hostas and grasses are available for garden pick-up. I ship only daylilies and they will be sent in late August or early September. I generally ship on Monday, Tuesday, or Wednesday to avoid weekend holdovers. I also enjoy sending gift plants of our choice on large daylily orders. In the east bed are some of my seedlings saved through the years that may please you at \$5.00 each.
